Chordfinder

Provides you the opportunity to quickly find chords and scales, among other things. It is a free application that requires no installation on your computer. It is a small tool, and it's very easy to use.

Chordfinder Features:

- 1 - Types: There are three types of scales you can search for: Major, Minor or Melodic.
- 2 - Combination: A combination of two or more of the above scales is possible.
- 3 - Tags: The app allows you to tag the chord to write on the chord base. It is possible to find the chords according to the notes written.
- 4 - Overlay: The app allows you to overlay the chords with the tags.
- 5 - Chords: The app can be used to determine a song or song group to practice and to find the chords. You can also create your own chords.
- 6 - Favorites: The app allows you to save your favorite chords and you can return to them later.
- 7 - Scale: The app allows you to find the notes that correspond to the scale.
- 8 - Free: The app allows you to perform many things using it absolutely free.
- 9 - Biography: The app provides information about the creators of the tool, as well as a biography.

Main Window For details, see Help. You can also use the following buttons for highlighting the window to delete or resize it, or to look for features. The application can be moved by holding down the left mouse button and dragging it around the screen. The active window can be dragged by holding the left mouse button down and dragging the cursor along the border.

Notes Once the app has been launched, the main window will be shown. To bring up the rest of the app, click on one of the buttons in the toolbar. The main window has the following features:

Scales: You can write a scale using any note of the keyboard, or combination of notes, if you want, and see that scale. You can also enter notes by clicking in an empty cell and typing a number. The notes are displayed at the bottom of the window.

Chords: You can write the chord at the bottom of the window, and to the right of it, there will be a list with the notes that correspond to the chord.

Tags: You can tag a chord by placing the cursor in the cell to the right of the chord and typing a number. Once you
