First. Copyright This book is my first part. And part of the second part about the book. In Vaali 1000 Thiraiisai Padalkal, I have described myself as a Varni from an alien land called Kootham (Nadu). I have told you about my life. This is the prequel to those stories. I have written my own Book in a format called Vishnu Thool (a story in verse) and added some words in Tamil. But I had to go to Dubai to attend a course on the next day. And after that I could not make time to do the phone call. Then, I started thinking on the Book in a different way. I kept it in a Bag (kashthaar) with me. I read it, re-read it and wrote it down in a notebook. I was finding it difficult to do this. So I started adding the words to the text and when I got it right, I used to write it down on the Notebook. Then I started reading it to my teacher in a different way. I 82157476af
